About OBS

Registration/ General enquiries

1) Where can I register for my child?	Please refer to the link provided in Parents Gateway for the e-Registration. Do note that SingPass login is required.
2) When does the registration start?	The e-Registration period is from 16 September to 7 October 2022.
3) Is OBS open to all Secondary 3 students or only for selected students?	MOE-OBS Challenge Programme is open to ALL Secondary 3 students in 2023.
4) Will my child be required to wear a mask at all times?	We will adhere to the national posture at the point in time when the MOE-OBS Challenge Programme is taking place. Based on the current status, mask wearing is optional.

About AI

Explain what AI is

AI stands for Artificial Intelligence. It is a branch of computer science that deals with the creation of intelligent machines that can perform tasks that typically require human intelligence, such as visual perception, speech recognition, decision-making, and language translation. AI systems can be trained to learn from data and improve their performance over time, making them increasingly useful in a wide range of applications, from self-driving cars to medical diagnosis to customer service chatbots.

4) Will my child be required to wear a mask at all times?

We will adhere to the national posture at the point in time when the MOE-OBS Challenge Programme is taking place. Based on the current status, mask wearing is optional.

In the context of interacting with an AI, a prompt refers to a piece of text or input provided by a user to initiate a response or action from the AI. A prompt can take many forms, such as a question, a statement, or a command, and is typically used to provide context or direction to the AI's response.
